

Commission on Children Funding Scheme for Children's Well-being and Development

Special Call for Projects on Promotion of Child Protection in Ethnic Minority Communities¹

Funding Guidelines

(I) Introduction

The Commission on Children (“the Commission”) was established on 1 June 2018 with cross-bureau and departmental representation, and has engaged child concern groups to address in a focused manner the issues that children face while growing up. The Commission has a vision of ensuring that Hong Kong is a place where the rights, interests and well-being of all children are respected and safeguarded and their voices are heard, and where all children enjoy healthy and happy growth and optimal development so as to achieve their fullest potentials.

2. The Commission launches the Funding Scheme for Children's Well-being and Development (“the Scheme”) with the objective to encourage and enable non-governmental organisations (“NGOs”), schools and child concern groups, etc. to undertake promotional and public educational projects on children-related issues to promote the rights, interests, well-being and development of children.

3. To tie in with the commencement of the Mandatory Reporting of Child Abuse Ordinance (“the Ordinance”) in January 2026, the Commission is inviting funding applications for one-year projects on the specific theme of

¹ This Special Call for Projects specifically invites submission of project proposals on the theme of “Promoting Child Protection in Ethnic Minority Communities”. The application for funding on projects of other themes under the regular annual call of 2025-26 Funding Scheme of the Commission on Children will be invited separately in the second half of 2025.

“Promoting Child Protection in Ethnic Minority Communities” with the objectives set out below –

4. The Commission Secretariat under Labour and Welfare Bureau (“LWB”) shall provide overall administrative support and manage the Scheme. The Commission mentioned in the following paragraphs refers to the Commission, its Working Group and/or its Secretariat.

5. The funded organisation is required to comply with all the terms and conditions as set out in this document as well as any other additional conditions as may be prescribed by the Commission in writing.

Type of Application and Funding Cap

7. Under this Special Call, the Scheme will provide one-off funding to eligible applicants to support worthwhile projects on the promotion of child protection in EM communities only. These projects should have the participation of EM children and stakeholders.

8. Applicants can submit funding applications for one-year projects mainly focusing on local districts/schools. The funding cap is \$300,000 per project. All activities must be carried out within the period from 1 August 2025 to 31 July 2026.

General Funding Restriction

9. Projects must be non-profit making and carried out in Hong Kong Special Administrative Region (“HKSAR”) and meet the objective and

theme of the Scheme; and must not be used for political, religious, fund-raising or commercial publicity purposes for any individuals or organisations. All activities of the projects must not be held together with any other activities and/or for any other organisations without the prior approval of the Commission.

10. Applicants must be organisations, not individuals, and each organisation should submit **no more than one project application**. An organisation and its sub-unit(s) shall be regarded as a single organisation. If more than one application is made by an organisation and its sub-unit(s), the organisation concerned shall decide on the application to be processed by the Commission.

11. The following types of projects will **not** be funded:

- (a) Projects that involve one-off activities purely for entertainment (e.g. banquets, picnics and trips);
- (b) Projects or publishing (e.g. publications and videos, etc.) that may give undue credit or publicity to an individual, a commercial firm, a political party or association;
- (c) Projects that are intended for the exclusive or personal benefit of an individual;
- (d) Projects that involve disbursement of cash allowance and/or cash relief;
- (e) Projects that aim to improve the facilities or services of an organisation (e.g. refurbishment works, purchase of furniture and/or equipment, staff training, enhancement to school curriculum, etc.);
- (f) Projects that are more appropriate to be implemented with other government funding (e.g. research studies, activities to raise the quality of school education, provision of social services, etc.);

- (g) Projects that are organised, co-organised or co-hosted by Offices of Legislative Council Members or District Council Members or political parties; and
- (h) Projects that receive sponsorship or donations in cash or in kind from companies selling tobacco or hard liquor, or from individuals/organisations which are the service contractors of the projects.

12. When submitting an application and implementing the approved project, the funded organisation should refer to the list of permissible items of expenditure and the relevant expenditure limits set by the Commission at Annex A. In addition, the applicant should also pay attention to the following:

- (a) Expenditure incurred before the formal approval of the project issued by the Commission in writing or after the completion date as stipulated in paragraph 8 above (except for items which by nature will only be incurred after the project completion date e.g. cost of preparing the Auditor's Report) will not be reimbursed under the Scheme.
- (b) All expenditure incurred should be prudent, realistic and cost-effective.
- (c) The funding allocated to the project shall not be used for:
 - (i) covering recurrent expenditure (e.g. rental and utility expenses of the applicant's premises and other ongoing costs for running an office);
 - (ii) purchasing durable assets including furniture and equipment (e.g. desks, chairs, cabinets, computers, printers, cameras, etc.) of any value and other durable items with unit cost of \$500 or above;
 - (iii) improving facilities or services of the organisation;

- (iv) producing or purchasing items for sale;
- (v) providing direct one-on-one service to participants (e.g. one-on-one therapy or counselling sessions); or
- (vi) disbursing travelling allowance to participants.

There will be no reimbursement for expenditure incurred for these mentioned purposes.

- (d) In general, venues whose hire charges could be fully waived or are more affordable (e.g. community halls or community centres) shall be given priority in the choice of venue of the project activities. For an event organised in the funded organisation's own venue, the hire cost will not be funded.

Submission of Application

Annex B

13. Eligible applicants are required to complete a paper application form at **Annex B**. Upon completion, the duly signed application form should be submitted **by post or in person** to the Commission on Children Secretariat, 10/F, West Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong. The funding application form is available on the Commission's webpage for the Scheme (<https://www.coc.gov.hk/en/funding.html>).

14. The applicants must tailor-make the activities to EM communities with reference to their unique cultures and needs, and specify the plan and methodology of assessment of the effectiveness of the proposed projects, in terms of enhancement of the target participants' awareness of the Ordinance and child protection in the funding application form.

15. If a project is co-organised by two or more NGOs, schools or child concern groups, all authorised persons of the relevant organisations should duly sign on the funding application form, together with the official chop(s). A principal or lead organisation must be identified and be responsible for matters related to the application. Entities that purely provide support

through provision of venue or assistance in promotion will not be considered as co-organisier(s). However, details of these entities should be provided on the funding application form.

16. If applicants intend to apply for funding from sources other than the Scheme in order to support all or part of the activities under application, they must state clearly the source of funding being applied, amount being sought and status of approval of the application when submitting applications to the Scheme. To avoid duplication of resources, the Commission will not approve funding to activity which has secured funding from sources other than the Scheme. If the application result of other funding sources has yet been announced at the time of submitting applications to the Scheme, applicants shall inform the Commission of the result of the application to funding sources other than the Scheme in a timely manner. If applicants have obtained funding from sources other than the Scheme, the Commission may revoke or reduce the approved funding amount to ensure no duplication of resources.

17. If applicants need additional funding to cope with expenditure items which are not permitted under the Scheme or exceed the relevant funding cap, they may apply for funding from sources other than the Scheme. However, they must state clearly the sources of such funding, amount being sought and whether such application has been approved when submitting applications to the Scheme.

18. If applicants would like to apply for funding from sources other than the Scheme after obtaining the Commission's funding approval or when implementing the projects, they must obtain the Commission's approval before making the application to funding sources other than the Scheme. Failure to comply with this requirement may result in the cancellation of funding from the Commission. If the applicant accepts the funding from a source that is not agreeable to the Commission, the Commission will withdraw its approved funding support.

19. The applicants will be asked to provide supplementary documents and information from time to time for processing the applications upon the

Commission's request. If the applicants fail to provide such information within a reasonable time frame, the applications will not be further processed and no notification will be given.

20. Under normal circumstances, the applications should be submitted to the Commission on or before the deadline as designated by the Commission. **Late application will not be considered.** If a black rainstorm warning or typhoon signal number eight or above is in force at or after 12:00 noon on the day of the deadline, the deadline will be extended to 5:00 p.m. on the next working day (excluding Saturdays) after the black rainstorm warning signal or typhoon signal number eight or above is cancelled.

Assessment Process and Criteria

21. Upon receipt of an application, the Commission will examine the project proposal to confirm whether it is in line with the theme and fulfils the requirements (see paragraphs 6 to 20 above) of the Scheme, and whether the proposed items of expenditure fall within the list of permissible items of expenditure and the relevant expenditure limits at **Annex A**.

Annex A

22. Taking into account the financial provision of the Scheme, the Commission will consider the priority of applications according to the factors as stipulated in paragraph 24 below. In other words, not every eligible project proposal will be approved and not every activity under the approved project will be granted full funding. As a general rule, the approved funding shall be determined in accordance with the relevant expenditure limits at **Annex A** or as deemed reasonable by the Commission, regardless of the amount applied.

Annex A

23. If an eligible project proposal is not granted funding in this Special Call, that project proposal will not be carried forward to any future round of application automatically.

24. In assessing each individual application, the Commission will take into account the following factors:

- (a) whether the objectives of the project are in line with the objective and theme of the Special Call;
- (b) the target audience/participants and the anticipated number of participants of the project;
- (c) contents of the project (including the formats, number of sessions, publicity, etc.), feasibility, and implementation;
- (d) whether the proposed budget is prudent and cost-effective;
- (e) other sources of financial support (including sponsorship and donations in cash or in kind);
- (f) expected outcome of the project, for example, whether the project has a sustainable impact on the community or the target audience/participants;
- (g) whether the applicant has experience in conducting projects of similar scale and nature with EM communities as the target participants in the two years immediately prior to the deadline of application;
- (h) the applicant's previous performance in the Scheme (if applicable);
- (i) whether the concept/design of the project is unique and attractive;
- (j) whether the project is largely similar to the applicant's past project(s) under the Scheme (if any);
- (k) whether the proposed activities are tailor made to EM communities with respect to their unique cultures and needs; and
- (l) whether the applicant has developed the plan and methodology of assessment of the effectiveness of the proposed project, in terms

of enhancement of the target participants' awareness of the Ordinance and child protection (e.g. by setting Key Performance Indicator(s)).

25. The Commission may review the assessment process and criteria from time to time and make adjustments based on necessity and in the light of operational experience.

Notification of Results

26. Under normal circumstances, applicants will be notified of the results of the application in writing within three months after the application deadline. Under no circumstances shall an application be deemed to be successful unless and until the applicant had been notified in writing by the Commission that the application is successful.

27. The decisions on the approval of application and level of funding rest with the Commission. The Commission's decision is final and absolute.

28. The Commission reserves the right to announce the application results and to disclose the list of successful applicants, the names of the approved projects and the funding amounts and other information thereof without the prior consent of any applicant.

Withdrawal of Application

29. A successful applicant may write to the Commission to withdraw the application within 14 calendar days from receipt of the notification of result in writing referred to in paragraph 26 above. Such withdrawal is irrevocable.

30. On receipt by the Commission of the notice of withdrawal given in accordance with paragraph 29, any approval, conditional approval or approval-in-principle issued by the Commission shall cease to be valid.

(III) Financial Arrangements and Management

Adjustment of Project

31. The funding allocated to the project must be used in accordance with the budget and purposes approved by the Commission. To facilitate effective and flexible use of the approved funding, the funded organisation is allowed to adjust the approved unit cost, quantity or amount without seeking the Commission's approval, provided that the expenses after adjustment fulfill all of the following three conditions:

- (a) The aggregate amount of expenses to be funded by the Scheme does not exceed the total funding approved by the Commission;
- (b) The adjustment of each item does not exceed 25% of the relevant approved budget or \$3,000 (whichever is higher); and
- (c) The expenses of each item after adjustment do not exceed the relevant expenditure limits set out in **Annex A**.

Annex A

32. If adjustment on the approved unit cost, quantity or amount exceeds 25% or \$3,000 (whichever is higher), or there is any major amendment or variation (e.g. changes in project/activity nature and/or cash flow requirement; addition of expenditure item(s) not covered in the original approval, etc.), the funded organisation shall seek prior written approval from the Commission by submitting the form at **Annex C** at least 14 calendar days before the proposed change takes place. Failure to do so may result in withdrawal of funding. The Commission may also demand return of any advance payment to the funded organisation.

Annex C

Payment Arrangements

33. Reimbursement of funding will be made to the funded organisation after completion of the project when all relevant reports (please see paragraph 64 below) have been accepted by the Commission. To facilitate the implementation of project, however, a single advance payment of not

exceeding 50% of the total approved funding amount can be made to the funded organisation upon written application. The remaining funds will only be disbursed after completion of the project. Details of the payment arrangements, the supporting documents required and other relevant requirements are at **Annex D**. If the funded organisation has applied/is applying for funding from sources other than the Scheme, advance payment will only be arranged as appropriate after the funded organisation has notified the Commission in writing the result of the relevant application and has made a request to the Commission for advance payment in writing.

Annex D

34. Except for expenditure items which by nature can only be incurred after the activity (e.g. expenditure on processing photographs taken in respect of a funded activity), expenditure incurred after the activity date will not be reimbursed.

35. Save in exceptional circumstances, all expenditure incurred shall be fully settled before the submission of the financial report with details stipulated in paragraph 64 below.

36. Each expenditure item must be supported by the **original** receipt (issued by a company/organisation other than the funded organisation itself and its co-organisier(s) (please refer to paragraphs 47 and 48 for details) as proof of payment, except under the circumstances as set out in items 2 to 6 of **Annex E**. **Invoices, delivery notes or quotations are not regarded as proof of payment. All receipts must be issued in HKSAR**, unless under special circumstances where a service is only available from a supplier whose receipts are not issued in HKSAR. Every receipt and supporting document must be certified by either the officer-in-charge of the project or the authorised person² of the funded organisation, by affixing his/her signature and the funded organisation's chop thereon. The name and signature of the certifying person shall tally with those provided to the Commission in the funding application form. Any correction made shall

² Authorised person refers to the person who applies for the fund on behalf of the organisation. Authorised person and officer-in-charge shall not be the same person.

be initialled. Receipts and other proofs of payment submitted to the Commission will not be returned to the funded organisation.

37. Expenditure incurred outside HKSAR will not be reimbursed unless under special circumstances where a service is only available from a supplier whose receipts are not issued in HKSAR.

Project Income and Residual Funds

38. The funded organisation may charge nominal fees from participants to ensure the participation rate of those already enrolled for the activities. Irrespective of whether it has so declared in the project proposal, the funded organisation shall utilise all income in the first instance before the funding under the Scheme is used to meet project expenses. The same arrangement shall apply to sponsorship, cash donations and other funding sources of income. Any surplus funding identified from the project upon its completion shall be returned to the Commission. All records pertaining to the receipts of income shall be kept for seven years for the Commission's inspection as and when necessary.

39. If the actual expenditure is less than the approved funding amount, reimbursement will be made up to the actual expenditure only. Upon the completion of project, any unspent advance payment must be returned to the Commission at the time of submission of the financial report (please see paragraph 64(b) below). The funded organisation shall issue a crossed cheque or a bank cashier order payable to "The Government of the Hong Kong Special Administrative Region".

40. The funded organisation must complete the seeking of reimbursement on or before the date designated by the Commission ("the designated date") which will normally be within two months after the completion of the project by submitting the reports, documents and deliverables as required under paragraph 64 below. Otherwise, all funding will lapse after the designated date.

41. The funded organisation shall accept liabilities for all deficits arising from the project. If there is a substantial change in work schedule from the original approved plan which may affect the cash flow requirement or subsequent payments (including advance payment) to be made to the funded organisation, the funded organisation shall inform the Commission immediately. In any event, the funded organisation shall be responsible for the shortfall in order to complete the project.

(IV) Administrative Arrangements

Procurement of Goods and Services and Employment of Staff for the Project

42. The funded organisation shall exercise the utmost prudence and uphold the principles of openness, fairness, competitiveness and value for money in making procurement with the funding. In particular, they shall strictly observe the following quotation requirements in making procurement of goods and services with the funding in respect of the respective specified value and accept the lowest conforming offer –

Estimated Value	No. of written quotations required
\$5,000 or below ³	Preferably 2
Above \$5,000 – \$10,000	2
Above \$10,000	5

43. The funded organisation shall nominate its staff or member(s) as designated person(s) for the procurement and provide their particulars (e.g. HKID card number, address and contact telephone number) to the Commission as and when necessary. The designated person(s) for the procurement shall not be the same person as the officer-in-charge of the project or the authorised person of the funded organisation.

³ Minor purchases of goods and services can also be made in cash to meet immediate needs. No quotations will be required if the total value of the purchase does not exceed \$1,500.

Annex F

44. Prior to the procurement, the designated person(s) shall obtain the required number of quotations and complete a record of quotations at **Annex F**. All written quotations from suppliers shall be attached. Subsequent to the procurement, the designated person shall be responsible for the receipt and use of goods and services for the project and ensure that such goods/services are ordered, received and appropriately used for the project concerned.

Annex F

45. The funded organisation should note that acceptance of the project proposal by the Commission does not constitute any approval for the organisation to engage a particular person/organisation for the provision of goods/services without going through the required procurement procedure, regardless of whether the intended engagement has been mentioned in the funding application. In case where the procurement procedures as set out in paragraphs 42 to 44 above are not followed (e.g. the funded organisation has made specific requests to hire a particular supplier/contractor), full justifications must be given and properly recorded in **Annex F** for auditing purposes.

Annex F

46. The funded organisation is not required to submit the record of quotations at **Annex F** to the Commission unless being requested. If requested, the funded organisation shall submit the form together with the quotations according to the deadline set by the Commission. All quotations and documents in relation to the procurement of a project shall be kept for seven years after the completion of the project for the Commission's inspection as and when necessary.

47. The funded organisation and its co-organisier(s), the officer-in-charge of the project, the authorised person of the funded organisation/co-organisier(s) or any person authorised by the funded organisation/co-organisier(s) to handle procurement matters shall not be engaged for the provision of goods and services for the approved project if the relevant expenses are to be met by the Scheme.

48. The funded organisation, its co-organiser(s), members and staff shall avoid engaging in activities which may result in actual, potential or perceived conflict of interest (e.g. a project staff member procuring goods/services or inviting quotations for the project from company of his own or his immediate family) arising from their involvement in the approved project, and shall declare any interest when making procurement of goods and services, recruitment and other processes in managing/implementing the project (e.g. adjudicating at competitions) which might involve financial or personal interests. They are prohibited from soliciting, accepting or offering any advantages in the course of planning and executing the project. If there is a conflict of interest, the funded organisation shall decide whether the co-organiser(s), members or staff concerned shall abstain from the procurement exercise and record the reasons for its decision.

49. The principles of openness, fairness, competitiveness and value for money shall be observed when making purchases. The funded organisation is advised to make reference to the Corruption Prevention Best Practice Checklist on Procurement issued by the Independent Commission Against Corruption (“ICAC”) where appropriate. The checklist is available on ICAC’s website at www.cpas.icac.hk.

50. The officer-in-charge of the project, the authorised person of the funded organisation and the person(s) designated for procurement of goods or services are personally accountable if they submit falsified claims or documents (such as receipts) for the grant of funding.

51. The funded organisation which recruits staff directly for the project shall, and shall procure that its agents shall, observe the principles of openness, fairness and competitiveness during the recruitment process. The funded organisation shall, and shall procure that its agents shall, comply with the employment, equal opportunities and data protection requirements under the laws of HKSAR. Upon the request of the Government, the funded organisation shall approach the ICAC for advice and assistance to draw up a Code of Conduct for compliance by its directors and employees, and to ensure proper corruption prevention safeguards are incorporated into its procurement and staff recruitment procedures. The funded organisation

shall permit ICAC to examine its management and control procedures with a view to providing corruption prevention advice.

The funded organisation is fully responsible for ensuring that there is no such infringement. If the funded organisation intends to use materials created by others, prior approval from the copyright owner must be sought. The Commission will normally inform the funded organisation of the arrangement(s) of visit(s) but the Commission and its authorised representatives can also conduct the visit(s) without prior notice.

67. The funded organisation will be required to assist in arranging such observation(s) or visit(s) by the Commission, and to comply with any advice or instructions that the Commission may issue from time to time in respect of the project or any related matters. Otherwise, the Commission may withdraw funding and require the funded organisation to immediately repay all or any funds already provided to them.

Termination of Project

68. The funded organisation shall inform the Commission in writing in the event of termination of a project during the preparation or implementation stage.

69. Depending on the circumstances and the reasons provided by the funded organisation, the Commission may, where applicable, endorse reimbursement of expenses already incurred in the preparation/implementation of the project. If the Commission considers that the termination of the project is due to negligence of the funded organisation, no subsequent reimbursement shall be made and the funded organisation shall be required to return immediately to the Commission the full/partial amount of the advance payment.

(VI) Disclaimer

70. The Commission or LWB will not be held responsible for any claims, demands or liabilities arising from the funded project. It is therefore in the

interest of the funded organisation to take out public liability insurance and accident insurance for the project concerned from registered insurance companies in the HKSAR.

(VII) Important Notes

71. Failure to comply with any of the terms and conditions of funding as set out in the Funding Guidelines or additional conditions as may be prescribed by the Commission in writing may result in the withdrawal of funding and repayment of any advance payment/reimbursement already made to the funded organisation.

72. The funded organisation shall comply with all applicable laws and regulations of HKSAR (including without limitation the Law of the People's Republic of China on Safeguarding National Security in the HKSAR) in carrying out the funded project. It is the responsibility of the funded organisation to obtain all approvals and licenses that are necessary for carrying out the funded project and to ensure that activities undertaken in the funded project (including articles produced) comply with the laws and regulations of HKSAR. The funded organisation may be liable to legal action if it fails to abide by the laws and regulations of HKSAR. For the avoidance of doubt, the funded organisation will not be exonerated from any legal liability by virtue of the Commission's funding of the project. The Commission may immediately withdraw funding and require the funded organisation to immediately repay all or any funds already provided to them on occurrence of any of the following events:

- (a) the funded organisation has engaged or is engaging in acts or activities that are likely to constitute or cause the occurrence of offences endangering national security or which would otherwise be contrary to the interest of national security;
- (b) the continued engagement of the funded organisation or the continued performance of the funded organisation is contrary to the interest of national security; or

(c) the Commission reasonably believes that any of the events mentioned above is about to occur.

73. Nothing in the approval letter issued by the Commission will confer or purport to confer on any third party any benefit or any right to enforce any term of the approval letter pursuant to the Contracts (Rights of Third Parties) Ordinance (Cap. 623).
